In face-to-face communications, should be able to understand a number of memorized words and phrases...

- numbers (1-100);
- person and place names;
- basic objects;
- today's date;
- weekdays;
- months;
- colors

Should not be expected to participate as a full partner in even simple face-to-face conversations.

Reading Proficiency Description

Reading Score 115

A person at this level should usually be able to read...

- numbers (0-100);
- individual words or phrases;
- personal and place names;
- street signs;
- simple warning signs or posters;
- office and shop designations;
- simple standard office forms.

Cannot usually read full sentences.

Total Score 255

Speaking Description

At this score level, in face-to-face conversation, an individual has a 70% chance of...

- relying heavily on memorized material;
- occasionally demonstrating a limited ability to expand this speech.

At this score level...

- there may be some ability to create new speech;
- speech is dominated by memorized phrases;
- errors are likely to be frequent;

Pronunciation is usually heavily influenced by the native language.

- even after repeating, the speaker is likely to be difficult to understand.

Writing Description

A person in this position should be able to write

- numbers and dates;
- his/her own name,
- nationality,
- address; and
- other information normally found in a standard registration form.

At this level spelling and even the formation of individual characters may be inaccurate.
